

CINCINNATI MAGAZINE'S 2010 TOP DOCTORS

First, we asked the Ohio, Kentucky, and Indiana state medical boards for a list of medical doctors with current licenses in Hamilton, Warren, Butler, Clermont, Boone, Campbell, Kenton, and Dearborn counties. We sent surveys to those 5,297 physicians, asking them to tell us whom they would turn to if "you, a family member, or a friend needed medical attention." The only proviso we gave them was to refrain from nominating themselves. The results: 571 physicians in 42 specialties. Doctors on this list received at least five votes from their peers. We checked the final results against state medical board records to ensure that our list did not include any doctors with formal actions against them. Our list does not, of course, include every caring, knowledgeable, and responsible physician in Greater Cincinnati. To download a PDF of this list, go to www.cincinnati-magazine.com. Unless otherwise indicated, physicians on the list are accepting new patients. Also unless otherwise indicated, these physicians are M.D.s. Some physicians are listed in multiple specialties.
